1. Introduction

The UKMC Student Association (UKMCSA) uses student data to support representation, events, and communications. This policy explains how that data must be handled responsibly and how official communications should be managed. It ensures that all activity complies with the UK GDPR, the Data Protection Act 2018, and UKMC's own policies.

- Complies with the UK General Data Protection Regulation (UK GDPR) and the Data Protection Act 2018.
- Aligns with UKMC's IT and Data Security Policy 2024-25
- Respects the rights of students as data subjects.
- Provides clarity to all UKMCSA Officers and student leaders on what data they may access, how it must be used, and under what conditions.

3. Scope

This policy applies to:

- All UKMCSA Officers and Executive Committee members.
- All UKMC Ambassadors.
- All recognised Student Societies.
- Any other student leader or representative using student data on behalf of UKMCSA.

It covers data used for:

- Communication with students.

- Data Controller Role: UKMCSA acts as a data processor on behalf of UKMC and is bound by [UKMC IT and Data Security Policy 2024-25](#), oversight, and governance structures.
